# What to do with Your Christmas Waste

Christmas is a fun and exciting time, but it also brings a wealth of additional waste with it: The waste generated at Christmas in the UK goes up 30% compared to the rest of the year.

Here's a run-down of what to do with your Christmas waste.

## **Recycling Bin:**

- Aerosol cans
- Christmas cards and envelopes free of any foil, glitter or shiny coating
- Plastic and glass bottles
- Wrapping paper free of any foil, glitter, shiny coating and Sellotape
- · Cardboard boxes
- Metal sweets tins

#### General Rubbish Bin:

- Foil and plastic food trays
- Waste food (if you have no food waste bin)
- Shiny or glittery wrapping paper
- Plastic sweets tins

#### **Recycling Centres:**

- Christmas trees
- Broken Christmas lights
- Aluminium foil
- Batteries

### **Charity Shops and Clothing banks:**

- Old clothing in good condition
- Any toys in good condition
- Any unwanted decorations or gifts

Reduce the amount of festive waste that ends up in landfill. We hope you have a very Merry Christmas and a Happy New Year!
